Roof restoration refers to the process of upgrading and reviving roof. To restore means to add something or to enhance. This means that the roof needs to be intact and has no major damage. The goal of roof restoration is to extend the life of the roof and at the same time enhance its aesthetic value.

## **At Roof Restore, we provide the following services:**

- High- pressure cleaning and removal of lichen.
- Application of coating system or re-coating.
- Tile replacement or replacing damaged or corroded screws specially for metal roofs

## **Why Roof Restore**

At Roof Restore, we know that a home represents a large amount of financing, and it's not just about money or assets. Your home reflects your way of life. That is why it is important that you only work with professional tradesmen to ensure that your home particularly your roof will be restored to perfection, not just elegant and robust but also safe. We know the role we play in keeping a home to how it should be.

As your professional consultant on roof restoration, we understand your need to work with somebody you can trust. Apart from keeping your roof in top condition, we make sure that our customers' needs are answered while upholding the things they value most.
