

# GREASE TRAP CLEANING COMPANY IN DUBAI

# ABOUT US

EPSCO started out in 1995 from very humble beginning driven by passion a clear vision. dedication and hard work by all the staff that joined us having a strong belief in quality and value for money. The company was focused on two areas – water and air that were permanently linked to quality, environment, health and safety. Over the years the company has grown into an international group in twelve countries on three continents with 18 branches specializing in services with quality, environment and safety issues at the forefront of the business. EPSCO established a multi national family style of business where everyone gives their best and more and not just working as "Employees", the customer always comes first along with the magic smiles that can only come from the staff having the culture of family spirit.

# GREASE TRAP CLEANING COMPANY IN DUBAI

EPSCO follows the regulations prescribed by the authorities and all the grease removed from the facility is sent to the recycling plant and all the required records are kept eliminating possibilities of non-compliances and fines. EPSCO advises its customers about regulatory requirements and updates changes in regulations promptly. EPSCO has a large fleet of tankers, quality, purpose-built vacuum pumps, and teams, and the company is licensed and approved by the Dubai Municipality to provide the services. EPSCO makes advance schedules according to the contractual requirements, and promptly carries out scheduled cleaning eliminating or reducing emergencies. EPSCO works with customers and plans the schedules according to customer's convenience.
