

WINDOW CLEANING SERVICES

ABOUT US

EPSCO started out in 1995 from very humble beginning driven by passion a clear vision. dedication and hard work by all the staff that joined us having a strong belief in quality and value for money. The company was focused on two areas – water and air that were permanently linked to quality, environment, health and safety. Over the years the company has grown into an international group in twelve countries on three continents with 18 branches specializing in services with quality, environment and safety issues at the forefront of the business. EPSCO established a multi national family style of business where everyone gives their best and more and not just working as "Employees", the customer always comes first along with the magic smiles that can only come from the staff having the culture of family spirit.

WINDOW CLEANING SERVICES

EPSCO has been providing window cleaning services for more than 25 years. EPSCO specializes in various methods and techniques of window cleaning. From rope access, cradle, or water-fed pole cleaning, EPSCO has provided window cleaning services to towers, hotels, showrooms, villas, residential and commercial buildings.

The dirt & debris on the windows keeps much of the natural light from getting into the room in a workplace or residence. It causes the lighting in the room to be slightly dismal. Regular window cleaning is recommended to ensure proper lighting and for hygiene purposes.
