

FLOOD RESTORATION SERVICES

ABOUT US

EPSCO started out in 1995 from very humble beginning driven by passion a clear vision. dedication and hard work by all the staff that joined us having a strong belief in quality and value for money. The company was focused on two areas – water and air that were permanently linked to quality, environment, health and safety. Over the years the company has grown into an international group in twelve countries on three continents with 18 branches specializing in services with quality, environment and safety issues at the forefront of the business. EPSCO established a multi national family style of business where everyone gives their best and more and not just working as "Employees", the customer always comes first along with the magic smiles that can only come from the staff having the culture of family spirit.

FLOOD RESTORATION SERVICES

EPSCO offers emergency 24/7 flood and water damage cleanup and restoration services in Dubai. A team of hard-working and considerate professionals is designated to provide emergency response and rescue all possible contents from the water-damaged site.

If there's a water leak, flood, or water intrusion, you must immediately call EPSCO. EPSCO assigns a team that coordinates with the affected party and quickly mobilize the team. Where the subject of the loss is insured, EPSCO can coordinate with loss adjusters and insurance companies. If water damage is due to the dousing of fire, EPSCO initiates the work after receiving clearance from the authorities.
