# ABOUT US

The Kingdom of Saudi Arabia is a rich and conservative Middle Eastern country attracting thousands of expats every year. Moving to Saudi Arabia is certainly an exciting proposition, but it does present its challenges too. Having an experienced relocation partner like HelpXpat would help ease through the relocation process, making your settling down easier. A huge number of expats move to Saudi Arabia because of the exciting job opportunities and tax-free salaries available there. There are a lot of things to be aware of while moving to Saudi Arabia and choosing a neighbourhood to settle down. Settling in a new country is a process which might take time, and there are a lot of adjustments to be made
