The foundation of any successful makeup application lies in the products you choose. Opt for high-quality, long-wear formulations that are designed to withstand the rigors of a wedding day. Here are some product categories to consider:

- **Primers:** A good primer creates a smooth base and helps your makeup adhere better.
- **Long-Wear Foundations:** Look for foundations labeled as "long-lasting" or "24-hour wear."
- **Setting Sprays:** These sprays lock in your makeup and provide a protective barrier against sweat and humidity.
