Teddies and bodysuits are often confused, but they have distinct characteristics. A **teddy** is a one-piece garment that combines a camisole and panties, often made from lace or silk. On the other hand, a **bodysuit** is a form-fitting garment that covers the torso and the crotch, similar to a leotard but with a more fashionable twist.

The Versatility of Teddies

Teddies are not just for the bedroom. They can be styled in various ways to create chic and fashionable outfits. For instance, pairing a lace teddy with high-waisted jeans and a blazer can create a sophisticated look suitable for a night out. Additionally, teddies can be worn under sheer tops to add a layer of intrigue and elegance.
